### Hahns Visit—

Dr. and Mrs. George Hahn and daughter of Sacramento visited friends here last week.

There are only eight shopping days left before Christmas. These eight days may mean a tremendous boost for the community in which you live if you will do your last-minute shopping at home. Why build up a neighboring town when your purchases can do so much for your immediate area? You will find prices at home equal or less than you would have to pay elsewhere and you are assured of quality and service in dealing with your neighbor.

Thirty-five were killed statewide during the 78 hour period between 6 p. m. December 24 and midnight December 27 in 1959. Of these, 19 were killed in the unincorporated areas and 16 in incorporated cities. The highway patrol made 263 arrests for drunk driving violations in the period and 8,058 arrests for other moving violations. This is a terrible toll and can be reduced only if every driver heeds and obeys the traffic laws. Let's make this a safe Christmas period by being careful while driving.

## Schindler Retires As Local Forester

Forest service employees on the Sierra eastside gathered in Sierraville last Saturday to honor Jack Schindler on his retirement from the U. S. Forest Service after 21 years of duty dating back to the earliest days of the service. Schindler was 70 years old but still had the energy and fire-fighting abilities of men 20 years younger.

His first job with the forest service was in 1912 when he was employed as a back country fire guard on the Stanislaus National Forest. When he left to join the army in 1916 he was replaced by Pete Land who later served as district ranger at Sierraville for about 25 years.

After four years with the American Expeditionary Forces in Europe during World War I, Schindler returned to his trade of carpentry until 1939. He then spent three years at Auburn and Sutter Hill as a fire crew foreman for the California Division of Forestry. In 1942 he was employed by the Tahoe National Forest as a fire patrolman. He worked out of White Cloud for three years and from Sierraville for four years. Jack moved to the Truckee district in 1949.

Jack's many skills and public spirited approach to his job made him a valued employee and earned him the respect and friendship of his fellow workers, his neighbors and the general public. ## WHAT'S DOING

L. R. deGallery, your Telephone Manager in Tahoe City

We would like to introduce Fred Milligan who comes into the lake area from Red Bluff, Calif. He has taken up his duties as new Supervising Wire Chief in our plant Dept.

Mrs. Pat Edwards, service representative in the Tahoe City Business office, is transferring to the San Jose Area. Pat is the daughter of Mr. and Mrs. Gunkel in Tahoe Vista. We are all sorry that she is leaving and we wish her the best of luck in San Jose.

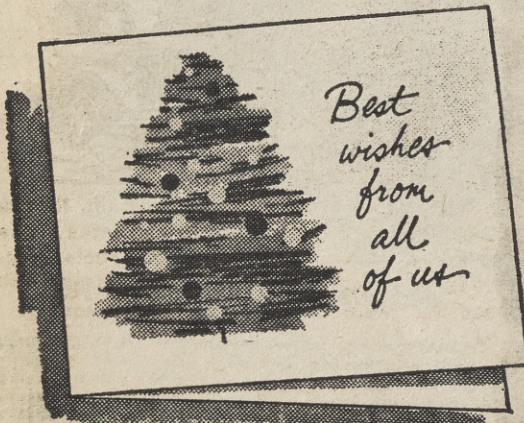

Many of our local residents will recognize the name, Midge Daft. We have the pleasure of welcoming her back to our Tahoe City Business Office. She will again join our staff to help serve you in the new year.

Telephone people have an important part in America's effort to send man into outer space. Western Electric, the manufacturing branch of the Bell Telephone System, heads a group of companies building a world-wide network of tracking stations.

The stations will track the capsule and send command signals to it. They will also receive signals reporting the spaceman's physical condition and provide direct communication between him and his earthbound colleagues.

The National Aeronautics and Space Administration sponsors the project.

On behalf of all of us here at the telephone company, I want to wish you the happiest of Holiday Seasons. We hope the New Year holds many good things for you. We've enjoyed serving you this past year, and you can be sure we'll do our best to bring you the finest possible telephone service in the year to come. Pacific Telephone

Jean and Ben Callender of Homewood returned this week from a visit with their son and his family, Mr. and Mrs. Bill Callender, in Greenbrae. The highlight of their visit was the christening ceremony in San Rafael of their granddaughter, eight-months old Barrie, which was followed by a large reception at the new Greenbrae home of the junior Callenders.

Another holiday visit is in store for Mrs. Callender — she leaves next week to visit her sister, Mrs. Harriet Hemenover, in Santa Rosa and will be joined later by Mr. Callender.

Celebrating her 17th birthday last Sunday was Miss Barbara Keehn, daughter of Mr. and Mrs. Bill Keehn of Tahoe City.

The Patrick O'Grady's of Tahoe City are spending a two week vacation visiting friends and relatives in Concord.

The Tahoe City Volunteer Firemen hosted a dinner last Thursday night at the Tahoe Inn for the Junior Firemen. After dinner, the Junior Firemen attended the regular monthly meeting of the fire department which was held at the Tahoe City fire house.

Officials of the group are Al Henry, chief; Pete Vanni and Harold Farr, assistant chiefs; Bob Jorgensen, captain; and Bill Keehn and Bob Stark, lieutenants.

## STRIKES & SPARES

BY JOE WILMAN  
WHAT IS PERFECT PIN ACTION?

When all the pins fail to fall on a seemingly solid pocket hit, a bowler should try to understand what happens to each pin in a strike.

As the picture shows, in the perfect release the ball comes into the strike pocket, hitting the 1 and 3 pins. The ball continues, knocking over the 5 pin and finally the 9 pin. The 5 pin is sent over into the 8. This clears out the middle of the alley.

When the ball hits the 1-3 pocket, it sets up a chain reaction that clears out both sides of the alley. The 3 goes into the 6, which is knocked into the 10 pin. The 1-pin is sent into the 2, which goes into the 4, which goes into the 7. This takes care of all 10 pins.

Now, you can understand why a weak ball which hits in the 1-3 pocket will deflect off to the right and miss the 5 pin. Or why a ball too heavy on the nose will drive the 1 pin back so it just nicks the 2 pin on the side and sends it out and around the 4 and 7 pins.

You should understand this pin action. The ball can only knock over 4 of the pins. You must depend upon pin action to knock over the remaining 6. (Copyright, 1960, by National Newspaper Syndicate)

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the lesson-sermon at Christian Science church services Sunday.

Scriptural selections will include Christ Jesus' striking response to his disciples' call for help during the tempest at sea:  
"And his disciples came to him, and awoke him, saying, Lord, save us: we perish. And he said unto them, Why are ye fearful, O ye of little faith? Then he arose, and rebuked the winds and the sea; and there was a great calm" (Matthew 8:25, 26).

A correlative citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "The belief that the universe, including man, is governed in general by material laws, but that occasionally spirit sets aside these laws,—this belief belittles omnipotent wisdom, and gives to matter the precedence over Spirit" (83:16).

English — 19 Brownies attended their first meeting of the season at the home of Leader Betty Baker Monday afternoon. Mrs. Baker was assisted in the meeting by Assistant Leader Helen Christensen. The meeting was also attended by Scout Volunteers Mary Morris and Bea Lyons.

Emblem Club Notes—Three new members were initiated into the Lake Tahoe Sierra Emblem Club No. 347 at ceremonies held at the

Elks Lodge in Tahoe Vista last Tuesday night. The initiates are Virginia Everett, Virginia Byrd and Jean Little. Using the club colors of gold and purple with a Christmas theme, the members held a Christmas party with a Christmas gift exchange and refreshments served by Pat Vanni and Glenn Meixner. The door prize winner of the evening was Midge Daft, and Mrs. Lorraine Ducharme displayed many Christmas gift and decorating ideas. Birthdays honored were those of Velda Farris, Mary Kimball, Joann Ruhkala, Louise Neidig, Jerry Rayburn, Jean Callender, Sibel Anderson and Francis Rockholm. The next meeting of the club will be a birthday dinner on Saturday, December 17 to be held at the Nevada Lodge. The evening will begin with cocktails at 6 p. m., dinner at 7:45 p. m. followed by dancing. Supreme President Bunny Harris will attend this meeting as will many other supreme officers. Several members of the South Tahoe Emblem Club will also join the group.

## DONNER DOINGS

By VIRGINIA O'BEAR

Now . . . if I started my column this week without telling you about my brand new grandson, it just wouldn't be me. He arrived last Thursday at 8:15, December 8, at the Tahoe Forest Hospital. Despite him being early, he weighed in at five pounds and one ounce. Dr. Brodie says he is doing just fine and his proud parents, Mr. and Mrs. David Whitley have named him David Wayne. Aunt Jennifer and Uncle Mike are thrilled to have a little nephew and as soon as Jennifer gets over her poison oak, they will be able to see the little fellow. I guess you grandparents reading this will know how happy and proud I am because you have to actually become one before you realize life's fulfillment. I don't feel any older but I'm a grandma.

Mr. and Mrs. Arnold Verdi returned home this week after spending several weeks in Los Angeles. While they were away, George Brack finished a new unit for their

two seventh grades and the eighth grade. Participating in all the programs will be the junior and senior choirs.

All parents are cordially invited to attend the programs—the afternoon performances will start at 1:30 p. m. and the evening performances at 8 p. m. All the programs are under the supervision of Principal Jim Reynolds.

motel.

I received a letter from Rosalie Brack last week and they are finally settled in Healdsburg. They miss Donner Lake and the people here but they are getting along fine and awaiting their blessed event which will be sometime this month or early in January. She and Danny will probably bring the little one up this spring then we can all see them, when they visit George.

Staff Sergeant David Slack arrived at the home of his parents, the Hank Slacks with his wife Ruby, son Mike and daughters Leigh Ann and Susan Jean. They had been in Guam for over a year and David and family will leave for Montana right after Christmas as he will be stationed there.

I had a talk with Arline Johnson on the telephone this week. They have leased out their Donner home to a couple of bay area doctors until April as the doctors want to come up weekends and ski. Arline and Bert are so busy with "Henry's Ole Place" that they won't be up for a while. We will miss them New Year's Eve as they have always been up for that holiday for years.

Willie Wilbur was up over the weekend from Sacramento visiting his parents, Mr. and Mrs. Virgil Harris. Willie is going to school in Sacramento and doing fine there.

The ladies auxiliary will meet at the Alpine Riverside this Thursday evening for a dinner and Christmas party. Each lady is asked to bring a Christmas gift not to cost more than a dollar. The time is 7:30 and a delicious dinner of roast beef will be served. President Jean Walker will preside and wishes all members will be present.

More and more homes are lit up at night with Christmas trees. It is so nice to drive along the highway in the evenings and see the pretty trees in the windows. A real pretty outside tree is at the home of Dr. and Mrs. Robert Affeldt. You can see it for miles and the one at the Rufus Fields home is nice, too. Won't be long now until Christmas when we can all be united with our loved ones.

### WEATHER

Sunny days, nippy nights, that's the weather for the past week. The ski resorts are really going full force now, fun for all.

### SURPRISE

We were surprised with a visit from our granddaughter, Joellyn Ashton, from San Jose. She will be here just a couple days, before leaving on her new adventure with the U. S. Air Force Nurse Corp.

### PASSES ON

The report of the passing of Eddie Devine was a real shock to us and his many friends. He had been ill for some time and had been in the Reno hospital. His brother came up from Los Angeles and took Eddie back with him to enter him in the City of Hope, but it seems too late. Our sympathy to his family.

### NOTE FROM FRIENDS

Mrs. Benays and Miss Evans, friends of ours who have a summer home here in Kings Beach, dropped us a note to say that their Thanksgiving was lightened by entertaining two Japanese students and their wives. Also they send their Christmas greetings to all. Their new address until summer is 6301 Chelton Drive, Oakland 11, California.

### VISITORS

Mr. and Mrs. John Andrews of Portland, Oregon were guests of Vera Wood during the past week. Above and best of all, the Andrews celebrated their 50th wedding anniversary on December 11. Congratulations. Mrs. Andrews was a former postmaster of Hatwhorne, Nevada.

### CHRISTMAS ACTIVITIES

The V. F. W. Auxiliary has made 36 Christmas stockings to be contributed at the Weimar Chest Center. This time of the year we all try harder than ever to do and help the needy, which is part of the Christmas spirit.

### NOTE THIS

Phillip, the son of Jim and Peg Mandeville, is in the U. S. service, stationed in Greenland. We thought that by giving his address to you, that Phillip's mail would increase and we are sure that he would appreciate hearing from his friends around this community.
